## REPORT OF THE WEBINAR CONDUCTED ON 30/05/2021

on

### "CLOUD COMPUTING WITH AWS "

As a Part of C-force Activity, Department of computer Science and Engineering has conducted a Webinar on 30.5.2021 from 10.30am to 11.30am through Google Meet. The Webinar was organised for all Staff and Students of 4<sup>th</sup>, 6<sup>th</sup> and 8<sup>th</sup> semesters.

The Resource person is Dr. Shridhar Allagi, CSE Dept, KLEIT, Hubballi. The HOD Prof. Poornima Raikar and other staff members attended the Webinar. The Webinar began by welcoming the Resource person Dr. Shridhar Allagi by HOD Prof. Poornima Raikar and the resource person was introduced to the participants by C-Force coordinator, Prof. Saleem Hebbal

The Session started with a brief introduction to Cloud computing and its need in IT Industry. Amazon Web Services was explained with its global infrastructure. IAM (Identity Access Management) service of AWS (Amazon Web Services) was demonstrated by hands-on tutorials and created users with creating groups and policies. Elastic compute Cloud was explained with practical by hosting a Windows server edition on the cloud with different parameters and explained the ways of connecting to it. The session concluded with job opportunities and different certifications available in the IT industry.

There were totally 79 students attended the webinar and they expressed their happiness and got enlightened. The link is <https://meet.google.com/oje-udph-xsi>

Finally, the Webinar was concluded by proposing vote of Thanks on behalf of our beloved principal Dr. V.A. Kulkarni, HOD and all staff and students.

The Webinar was organised by Prof. Prof. Saleem Hebbal, C-Force coordinator

Head of Department: Prof. Poornima Raikar

The screenshot shows a Google Meet interface. On the left, a presentation slide titled "AWS infrastructure" is displayed. The slide content includes:

**AWS infrastructure**

**Regions**

AWS Regions are separate geographic areas that AWS uses to house its infrastructure. These are distributed around the world so that customers can choose a region closest to them in order to host their cloud infrastructure there. The closer your region is to you, the better, so that you can reduce network latency as much as possible for your end-users. You want to be near the data centers for best service.

At the bottom of the slide, a message states: "Suryo Samantani has left the meeting".

On the right side of the Meet window, a grid of participants is visible, each with a circular icon and name:

- Shridhar Allagi (S)
- Rajesh Patil (R)
- Muskan Sayed
- ganga jilga (g)
- Poornima Dharwad (P)
- Mangal Patilkar (M)
- Vishwanathrao Wadikar (V)
- Vijeth Shetti
- Mangal Patilkar

At the bottom of the Meet window, there are controls for "Raise hand", "Turn on captions", and "Shridhar Allagi is presenting".
