ONE-DAY WORKSHOP ON “REWINDING OF AC MACHINES” DIVT CAMPUS HALIYAL UNDER THE BANNER OF IEI STUDENT CHAPTER.

The Department of Electrical and Electronics Engineering, Vishwanathrao Deshpande Institute of Technology, Haliyal organized a **One-day workshop on “REWINDING OF AC MACHINES” DIVT CAMPUS HALIYAL under the banner of IEI student Chapter**, on 30 June 2022. There were 30 students from B.E- 3rd year along with two teaching faculties Prof. Vasantkumar K Upadhye and Prof. Ravindra Motekar. We had coordinated with Mr.M.Nanjundaswamy, Design Engineer, Mysore.

The workshop was divided into 2 sessions. The first session was held before lunch. In the First session, He introduced key concepts on electrical machines and the design of windings. In The second session, sir demonstrated the winding design of the 5 HP Induction motor.

The students showed keen interest in the workshop and have gained a hands-on experience in the topic of the Rewinding of AC Machines.

➤ OBJECTIVE OF VISIT

Our main purpose for this one-day workshop is to be familiar with the electrical machines and their winding design and to get practical knowledge of electrical machines. Students will learn about the basic concepts of winding designs. Students will also get familiar with all types of windings.
